---

As part of our vision for giving the children in our care 'the best possible start in life', we aim to encourage participation in a range of activities. Some of these cannot be accommodated within the curriculum, so we encourage outside providers to offer them on our premises. This is also an opportunity for our children to meet, and interact socially, with children from other schools. We do offer some extra-curricular activities, run voluntarily by our staff, for which there is no charge. Details of the costs of other clubs can be obtained from the individual service providers.

---
